Special Remembrances are a great way to honor or remember pets and pet lovers.

Honorary Donations - Donations made in honor of a person, pet or special occasion.

Memorial Donations -

Donations made in memory of special person or a beloved pet.

Special remembrances in honor or memory of people are published periodically in the *Times Observer* and this newsletter.

All remembrances are posted each month on our website.

Acknowledgements are sent to the donor and to notify the family or honoree of your thoughtfulness.

Sponsor-A-Kennel - With a \$20.00 donation or more you get to choose a type of kennel, Dog or Cat, and a plaque will be placed on a kennel for everyone to see that visits the animals at the shelter. There is a maximum of 3

lines containing 24 letters including spaces for each line on the plaque. We mail thank you cards for the Sponsor-A-Kennel and they can be done as a gift. Just fill in the comments section on where to mail the acknowledgment and it will be mailed saying you sponsored a kennel in their name.

An asterisk () indicates the donor chose to Sponsor-a-Kennel in honor or memory of a person, event, or pet.*

Dedicated contributors keep our services going. We thank you all!

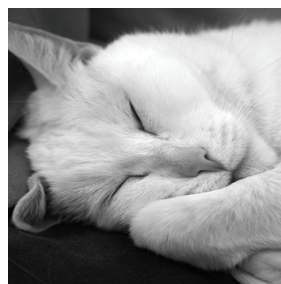

Plan for your future and theirs.

*Leave an important legacy to:
Warren County Humane Society.*

A will is perhaps the most important document you will prepare in your lifetime expressing your wishes for your property, investments and dependents. It also creates opportunities to support the Humane Society in Warren.

That support in turn helps us provide for the many homeless pets in need yearly.

Do you need to update your will or are you concerned that you don't have one? If so, it's never too early to consider your estate plans, especially if you have pets.

Did You Know?????

Cats can sleep 13-14 hours a day.

Cats have 32 individual muscles in each of their ears and can move each ear independently.

Fatal Foods

Onions can be poisonous to dogs. It damages the red blood cells and destroys hemoglobin, diminishing the oxygen carrying capacity in the blood.

Grapes and raisins, the forbidden fruits can be hazardous. The grapes themselves contain the toxic substance. The average size toxic dose is about half pound of grapes for a medium-sized dog, but much smaller quantities have caused death.

Early signs of poisoning include vomiting, diarrhea, loss of appetite, depression and abdominal pain.

Special Remembrances

These Special Remembrances were received from Fall 2009 through March 2010. Our sincerest thanks to each and every donor. Our pets depend on your kindness and generosity.

An asterisk () indicates the donor chose to Sponsor-a-Kennel in honor or memory of a person, event, or pet.*
